

.ABOGADO, .LAW (the “Minds and Machines TLDs”) – Terms and Conditions

In addition to your registration agreement, Minds and Machines TLDs Minds and Machines-Registrar Agreement (“**RRA**”) terms and conditions set out here shall apply. In the event of any inconsistency between the terms of your registration agreement and the terms set out here, the RRA terms shall prevail.

1. The Registrar shall have in effect an electronic or paper registration agreement with each Registrant, which may be amended from time to time by the Registrar, which shall at all times include, subject to applicable law, the terms of the Registrant Agreement and Minds and Machines Policies indicated above, especially with regard to those terms that are required by ICANN. The Registrar shall provide Minds and Machines with a copy of the Registrar’s registration agreement upon request. The Registrar shall include in its registration agreement those terms required by this Agreement and other terms that are consistent with the Registrar’s obligations to Minds and Machines under this Agreement. The Registrar shall employ in its domain name registration agreement a requirement for Registrants to submit to the Uniform Domain Name Dispute Resolution Policy (UDRP), Uniform Rapid Suspension (URS), Complaint Resolution Service (CRS), and the Inter-Registrar Transfer Policy, each in their most recent form and each as may be amended from time to time. In its registration agreement with each Registrant, the Registrar shall require such Registrant to:

1.1 Acknowledge and agree that Minds and Machines reserves the right to deny, cancel, or transfer any registration or transaction, or place any domain name(s) on Minds and Machines lock, hold, or similar status as it deems necessary, in its unlimited and sole discretion:

(a) to comply with specifications adopted by any industry group generally recognized as authoritative with respect to the Internet (e.g., RFCs);

(b) to correct mistakes made by the Minds and Machines or any Registrar in connection with a domain name registration;

(c) if required by a URS, UDRP, CRS proceeding; or

(d) for the non-payment of fees to Minds and Machines; and

1.2 Indemnify and hold harmless Minds and Machines and its subcontractors, and its and their employees, directors, officers, representatives, delegees, shareholders, affiliates, agents, successors, and/or assigns from and against any and all claims, damages, liabilities, costs, and expenses, including reasonable legal fees and expenses arising out of or relating to, for any reason whatsoever, the

Registrant's domain name registration. The Registrar's registration agreement shall further require that this indemnification obligation survive the termination or expiration of the registration Agreement.

2. The Registrar shall comply with each of the following requirements, as may be in effect from time to time, and, further, shall include in its registration agreement with each Registrant an obligation for such Registrant to comply with each of the following requirements:

2.1 ICANN standards, policies, procedures, and practices for which the Minds and Machines has monitoring responsibility in accordance with Minds and Machines Agreement or other arrangement with ICANN; and

2.2 Operational standards, policies, procedures, and practices for the TLD established from time to time by the Minds and Machines in a non-arbitrary manner and applicable to all Registrars ("Operational Requirements"), including affiliates of the Minds and Machines, and consistent with Minds and Machines's Minds and Machines Agreement with ICANN, as applicable, upon Minds and Machines's notification to the Registrar of the establishment of those terms and conditions upon 90-day notice, except in circumstances where a regulatory body (e.g. ICANN) or law enforcement mandates registries to meet shorter deadlines, in which case the Registrar will work with the Minds and Machines to agree on an appropriate date to implement such changes.

3. Registrar agrees to sell only to Registrants validated by the Minds and Machines, via a third party designated from time to time by the Minds and Machines, as legal professionals. Validation fees are **non-refundable** and are due for each annual registration year. Registrar agrees that Validation Agent may contact the Registrant directly for validation purposes.

4. Registration in the .law and .abogado TLDs is **restricted to accredited lawyers as validated by an agent, which shall be appointed from time to time by Minds and Machines** ("Validation Agent"). Registrar must capture additional data as necessary to facilitate validation ("Validation Data"). Validation Data must be provided as requested from time to time by Minds and Machines. Registrar must pay the nonrefundable "Validation Fee". Registrar must require that Registrant certify, prior to check out or collection of any registration fees, that Registrant is qualified to register the domain and that all provided information is true and accurate.

Registrar must display to Registrant terms to the effect that providing false information may lead to the deletion of their registration on all Minds and Machines TLDs including, but not limited to, .law and .abogado. Failure to maintain accreditation may result in cancellation of registration; no refunds

will be granted outside the add grace or renewal grace periods. Validation may occur for each registration year. Minds and Machines may periodically re-verify accreditation at no additional cost to the Registrar. Disputes regarding validation will be handled by the Minds and Machines and Registrar agrees to submit such disputes immediately to the Minds and Machines for determination.
